Cradled panel is finished with clear varnish on the sides, wired, and ready to hang. Signed, titled and dated on the back.

Sold works: morning

Maps are one of the many collage elements that I enjoy using. Maps are something that we use to help us get from point A to point B, whether its an paper map or the map in our smartphone. I like the comparison of maps and the idea of bird migration, and find the symbolism to represent our own journey in life. The bird in this painting is a house finch.
